Dear Friends and Colleagues

Greetings. We will be receiving a second preventive monitoring visit from the National Erasmus Office at AUC on the 9th of April to check on the progress of our project. Attached is the guideline of their visit. The Egyptian partners are mostly required to participate however it would be very useful if you the EU partners have any documents or research results that can speak to any of the questions suggested please send them by April 1st. AUC will report on management and budgetary issues so please **accelerate any financial settlements on your side so we can report a decent expenditure rate.**

Warm regards
Malak Zaalouk
