Dear Friends and Colleagues

Greetings. The Limerick meeting is still in our hearts and minds. It was truly a very rich meeting indeed. Attached please find the report from the meeting as for the presentations they will be uploaded on the website. Moreover there are some issues that emerged out of the Limerick meeting that need follow up:

- Helwan mentioned an observation sheet for school mentors that they developed, they need to share this with all of us.
- For all Egyptian faculties of education please share the videos and photos from the school activities as well as the faculty meetings to upload on the website provided you obtained consent from the subjects before.
- Helwan please send the web quest link mentioned during the meeting so we can link it to the website.
- For all Egyptian faculties please make sure to have obtained consent for any photos used even during power point presentations (please confirm this was done)
- For all Egyptian faculties please respond to the questions distributed by Leicester as their Monitoring and Evaluation tool. The deadline was end of October.
- For Ain Shams please share the tool developed for evaluating the training and quality assurance unit that you mentioned during the meeting.
- For all faculties please send the links to your personal and institutional websites so as to link them to our Erasmus website.
- Please remember to send us articles or publications that you believe should be in our website library.
- As agreed during the meeting all publications related to this project should have a disclaimer that reads as follows:

*This work has originated through the School University Partnership for Peer Communities of Learners SUP4PCL Project that was initiated by the Middle East Institute for Higher Education MEIHE at the American University in Cairo in partnership with Ain Shams, Alexandria, Helwan, Leicester, Limerick, Martin Luther and Northampton universities. The project is an Erasmus + initiative funded by the European Commission. Any communication or publication related to the action, made by the beneficiaries jointly or individually in any form and using any means, shall indicate that it reflects only the author's view and that the Agency and the Commission are not responsible for any use that may be made of the information it contains.*

The issue of dissemination was discussed during the meeting and as a follow up a conference plan will be shared with you in our next circular. Meanwhile during a recent UNESCO workshop on SDG 4 in Jordan the SUP4PCL was

presented. Please remember to keep track and share with us all dissemination activities. Also please keep track of all extra budgetary financing of the activities from your own institutions an example mentioned in the meeting was the establishment of the equipment labs in the faculties of education.

Looking forward to meeting most of you in the upcoming workshops in Egypt.

Warm regards

Malak
