Dear Friends and colleagues

Greetings. I am pleased to announce that we are more or less on track with the timelines for the case studies. We do however have a few gaps that we are hoping will be filled in the next week or so. We very much hope to receive the second drafts **by the end of October** and the finalized finished product ready to go to print by the end of November. Our peer review team is happy to continue reviewing the work as we near the publication date.

On another note I would like to alert you to an event that will take place at AUC early in December (4-5 December 2019) and this is a multidisciplinary conference entitled: The International Conference for Research on African Challenges ICRAAC. Please visit the website if you are interested as this is quite separate from the project and has its own mechanism for registration, and it would be lovely to have you.

Warm regards
