Dear friends and colleagues,

Greetings. This has been a wonderful journey together where we have managed to create miraculous school-university partnerships in different settings. We all awaited the finale to celebrate the achievements collectively achieved. It is with a very heavy heart that we at MEIHE are forced to comply with universal and national safety measures against the global pandemic COVID-19; hence, we cannot proceed with the planned conference and unfortunately we did not get formal approval for a second extension. This is not the end of the project's requirements nor the end of our relationship together. We will find ways to bring the project to a distinguished closure and innovative ways to keep the momentum going.

Warm regards,

Malak
